

## National Service in Texas

### MEETING COMMUNITY NEEDS IN TEXAS

More than 33,000 people of all ages and backgrounds are helping to meet local needs, strengthen communities, and increase civic engagement through national service in Texas. Serving at more than 3,000 locations throughout the state, these citizens tutor and mentor children, support veterans and military families, provide health services, restore the environment, respond to disasters, increase economic opportunity, and recruit and manage volunteers.

This year, the Corporation for National and Community Service (CNCS) will commit more than \$66,850,000 to support Texas communities through national service and social innovation initiatives. CNCS invests in cost-effective community solutions--working hand in hand with local partners to improve lives, expand economic opportunity, and engage citizens in solving problems in their communities. Serving in many of the state's most impoverished communities, CNCS provides vital support to schools, food banks, homeless shelters, community health clinics, youth centers, veterans service facilities, and other nonprofit and faith-based organizations at a time of growing demand for services. Through a unique public-private partnership, this federal investment will leverage an additional \$46,530,000 in other resources to strengthen community impact, build local support, and increase return on taxpayer dollars. Nationwide, CNCS, its grantees, and project sponsors generated more than \$1.25 billion in outside resources from businesses, foundations, public agencies, and other sources in FY 2015.

**AmeriCorps:** This year AmeriCorps will provide more than 3,700 individuals the opportunity to provide intensive, results-driven service to meet education, environmental, health, economic, and other pressing needs in communities across Texas. Most AmeriCorps grant funding goes to the OneStar Foundation, which in turn awards grants to nonprofit groups to respond to local needs. Most of the remainder of the grant funding is distributed by CNCS directly to multi-state and national organizations through a competitive grants process. Other individuals serve through AmeriCorps VISTA, whose members help bring individuals and communities out of poverty by serving full-time to fight hunger and illiteracy, improve health services, and increase housing opportunities, and AmeriCorps NCCC (National Civilian Community Corps), a 10-month, full time residential program for men and women between the ages of 18 and 24. In exchange for their service, AmeriCorps members earn an education award that can be used to pay for college or to pay back qualified student loans. Since 1994, more than 52,000 Texas residents have served more than 70 million hours and have qualified for Segal AmeriCorps Education Awards totaling more than \$156,670,000.

**Senior Corps:** More than 29,000 seniors in Texas contribute their time and talents in one of three Senior Corps programs. Foster Grandparents serve one-on-one as tutors and mentors to more than 48,000 young people who have special needs. Senior Companions help more than 1,300 homebound seniors and other adults maintain independence in their own homes. RSVP volunteers conduct safety patrols, renovate homes, protect the environment, tutor and mentor youth, respond to natural disasters, and provide other services through more than 1,500 groups across Texas.

**Social Innovation Fund:** The Social Innovation Fund transforms lives and communities using limited federal investment as a catalyst to grow the impact of nonprofits with evidence of strong results. It harnesses the expertise of grantmaking intermediaries to identify, evaluate and expand effective nonprofits and engages funding partners to contribute nearly three dollars to every one federal dollar invested. As the Social Innovation Fund network grows programs that work in Texas, more people are able to overcome their most pressing challenges in the areas of economic opportunity, health, and youth development. The Social Innovation Fund is investing more than \$12,210,000 in expanding the impact of 21 nonprofits in Texas, selected and supported by 1 intermediary.

The Corporation for National and Community Service is a federal agency that improves lives, strengthens communities, and fosters civic engagement through service and volunteering. CNCS engages millions of Americans in service to meet local needs through Senior Corps, AmeriCorps, and national days of service; improves communities through the Social Innovation Fund, and leads volunteer initiatives across the nation. To learn more visit [NationalService.gov](http://NationalService.gov) or [Serve.gov](http://Serve.gov) or call 202-606-5000 or TTY 1-800-833-3722.

Notes: The data shown represents a snapshot in time. CNCS project sites, participants, and funding change throughout the year, so the data may not reflect current conditions.

- <sup>1</sup> This figure represents the number of awarded positions available to be filled in the 2016 - 2017 program year. For AmeriCorps VISTA, this represents the actual number of VISTA members in active service.
- <sup>2</sup> This figure represents the maximum potential value of Segal AmeriCorps Education Awards that can be earned by AmeriCorps members serving in Texas. The award can be used in any state to pay for college, graduate school, vocational training, or to pay back student loans. The education award total is included in total CNCS funding.
- <sup>3</sup> AmeriCorps National figures may include national programs headquartered in the state and/or operating sites of national programs that are headquartered in other states. Funding reflects the estimated proportionate share of the national grant associated with operating sites in this report. Some national organizations do not report operating site data, or it was not available at time of publishing, so figures may not reflect current conditions.
- <sup>4</sup> Texas is served by the AmeriCorps NCCC campus located in Aurora, Colorado. In the past year, AmeriCorps NCCC teams have served on projects in Austin, Wichita Falls, San Antonio, Sugar Land, San Marcos, San Angelo, Fort Worth, Eagle Pass, Rosenberg, Granbury, Angleton, Houston, Fischer, Bastrop, Orange, Denton, Conroe.
- <sup>5</sup> The service location total may contain multiple counts of unique locations where multiple CNCS programs are operating.
- <sup>6</sup> As part of its public-private partnership approach, CNCS requires grantees to leverage additional resources to strengthen community impact and increase the return on the federal investment. This figure reflects non-CNCS cash and in-kind resources that CNCS grantees and project sponsors have committed to raise or other revenue used to support their programming activities across the state. Last year, CNCS, its grantees, and project sponsors generated more than \$1.25 billion in outside resources from businesses, foundations, public agencies, and other sources.

Since 1994, more than 52,000 Texas residents have served more than 70 million hours and have qualified for Segal AmeriCorps Education Awards totaling more than \$156,670,000.

## State Commission

OneStar Foundation's mission is to connect partners and resources to build a stronger nonprofit sector in Texas. As Texas' state service commission, OneStar administers \$13.8 million in federal funding per year to an impressive portfolio of 26 AmeriCorps State programs, supporting 2,234 AmeriCorps Texas members across more than 500 partner sites, primarily in the field of education. AmeriCorps Texas is an effective public-private partnership: in 2015-16, AmeriCorps Texas programs received \$13.8 million in federal AmeriCorps funding, but raised an additional \$28.7 million in local match funding as a result – a more than 200 percent matching rate. Collectively in 2015-16, OneStar's AmeriCorps Texas members provided direct services to 95,019 children and youth, 19,052 adults, and leveraged 10,731 additional community volunteers to aid in four major disasters, including the Texas Memorial Day Floods, Eagle Pass Floods, Hidden Pines Wildfires, and Central Texas Halloween Floods. OneStar also operates a statewide, 30-member AmeriCorps VISTA Intermediary Project, the VolunteerTX portal, and Texas Connector, a robust, award-winning nonprofit geo-mapping tool.

## AmeriCorps State

The University of Texas Rio Grande Valley AmeriCorps program serves communities along the southernmost tip of Texas in the Rio Grande Valley. The university is the newly-formed merger of two historic Hispanic Serving Institutions (UT-Brownsville and UT-Pan American), and is engaging 100 of its students each year as AmeriCorps College Mentors. The mentors provide direct, near-peer college access services to 2,500 low-income, first-generation high school seniors. They help the high school students enroll in post-secondary schools and fill out financial aid applications. The AmeriCorps members serve in the Brownsville, Point Isabel, and Los Fresnos Independent School Districts, as well as in local organizations. It is expanding into Hidalgo County in 2016, which will double the program's impact and reach. When they complete the program, 65 percent of students served by the AmeriCorps members enroll in two- or four-year accredited post-secondary schools, helping break the cycle of poverty.

For nearly 20 years, the Amarillo Independent School District AmeriCorps program has worked to fulfill its core mission to graduate every student prepared for success beyond high school. The AmeriCorps tutoring program was created as a way to directly support the district's most at-risk students. The AmeriCorps members, who are local high school and college students, provide direct, intensive literacy tutoring; they also gain valuable skills and have an opportunity to give back to the community. The program has 55 high school and college student AmeriCorps members who tutor more than 300 at-risk Pre-K through 5th grade students in reading. They use the evidence-based Response-to-Intervention Model to meet each student's specific needs through a three-tiered instructional process. Of the program's K-5 students who are tutored in reading, 82 percent make grade level gains. Since the program began in 1999, student academic success has risen in all participating elementary schools, improving outcomes for hundreds of at-risk students in Amarillo.

## AmeriCorps National

Citizen Schools is a nonprofit organization that partners with middle schools to expand the learning day for children in low-income communities. Its AmeriCorps members serve in Houston public schools, leading real-world learning projects, providing academic support, and helping all students discover and achieve their dreams. In their two years of service, AmeriCorps members serve as Teaching Fellows, giving students months of extra learning through academic mentoring and skill-building apprenticeships that translates into college readiness and career opportunities. Citizen Schools has been recognized as a leader in engaging volunteers, generating student impact, and balancing direct service with systemic change efforts. Students who are supported by Citizen Schools graduated from high school within four years at a rate of 71 percent, compared to 59 percent among matched peers, and 61 percent of Citizen Schools' alumni enroll in college.

In Dallas and San Antonio, City Year AmeriCorps engages 166 members who serve full-time at 14 schools, helping more than 14,192 students at greatest risk of dropping out. AmeriCorps Members work alongside teachers, using research-based tools to improve students' attendance, behavior, and performance in math and English. The members also lead afterschool programs and school-wide initiatives to improve school culture. In San Antonio, 98 percent of teachers agree that City Year AmeriCorps members provide essential academic support for students that they wouldn't otherwise receive and 100 percent of principals agree that the program improves students' active engagement in learning.

College Advising Corps has 59 AmeriCorps members serving full-time as college advisors at 59 high schools in Austin, San Antonio, Fort Worth, Houston, Irving, Arlington, Mesquite, Brownsville, Katy, Grand Prairie, Duncanville, Cypress, Richardson, Bryan, and Pasadena. The AmeriCorps members are placed in underserved high schools and increase the number of low-income, first-generation, and under-represented students who enter and complete higher education. The members provide the counsel and encouragement that students need to navigate the college admissions process. AmeriCorps members help students plan their college searches, complete admissions and financial aid applications, and enroll at schools that will serve them well. In 2015, these 59 AmeriCorps members served more than 20,000 students, have met with students 89,897 times, and have helped students submit 39,992 college applications. They also helped students amass more than \$21 million in scholarships and institutional aid for the coming school year.

Youth Volunteer Corps has two AmeriCorps members who began serving in Arlington in July 2015. The program is focused on developing local roots and establishing their presence in the community so that it can engage youth – especially disadvantaged youth – in service to local agencies. These efforts will strengthen both the youth and the local agencies.

## AmeriCorps VISTA

In South Texas, the Texas A&M International University AmeriCorps VISTA Project works to coordinate and manage Volunteer Income Tax Assistance (VITA) sites. In addition, the VISTA Project focuses on increasing the financial literacy and independence of people who live in the South Texas region, one of the poorest regions in the country. In the past year, AmeriCorps VISTA member Karen Duran recruited and trained community volunteers as tax preparers at 20 VITA sites in Laredo and Webb County. In 2015, these community volunteers prepared a total of 118 tax returns, with more than \$114,000 being refunded to South Texas taxpayers.

In 2014, Tatiana Nchotu moved from Maryland to rural Knox County – population 3,719 – to serve as an AmeriCorps VISTA member with Big Country Area Health Education Center. As the member serving Knox County, Tatiana has an office at the County Courthouse and works closely with the Knox County Judge and local community leaders to assess community health needs and identify solutions. In the beginning of her term, Tatiana conducted a comprehensive asset map as part of the program's Asset Based Community Development Strategies project. During the past year, Tatiana worked with the local Agrilife Extension Agent to develop and implement the Learn, Grow, Eat, and GO! Program. Tatiana recruited and trained community volunteers, including teachers and local farmers, to pilot the program with 14 fourth grade students. In support of this initiative, Tatiana applied for, and received, a grant of \$1,500 for a community garden. The students and volunteers grow yellow squash, three types of tomatoes, cucumbers, and okra. Knox County plans to expand the Learn, Grow, Eat and GO! Program to two additional elementary schools in the next year.

## AmeriCorps NCCC

All Hands Volunteers addresses the immediate and long-term needs of communities impacted by natural disasters by engaging and leveraging volunteers, partner organizations, and local communities. All Hands aims to demonstrate the power and value of volunteerism through the tangible work done, the hope it brings to suffering communities, and the transformative experiences it provides for volunteers. The City of Rosenberg was heavily impacted by storms and flooding in the early summer of 2015, and All Hands Volunteers requested the support of an AmeriCorps NCCC team to help meet the community's needs. AmeriCorps NCCC members spent their round primarily mucking and gutting homes to ensure the removal of mold spores from homes the area, using tools such as the circular saw, reciprocating saw, sledge hammers, and chalk lines along the way. This service not only helped to alleviate potential future health concerns that could affect the families further down the road, but also eliminated labor hours and could potentially save each family thousands of dollars over the life of the reconstruction process.

NECHAMA is a voluntary organization that provides natural disaster preparedness, response, and recovery services nationwide. After devastating floods affected thousands of residents in Texas in the early summer of 2015, NECHAMA requested the support of an AmeriCorps NCCC team. Over three weeks, the AmeriCorps team served on a total of eight houses affected by the flooding in both the Wimberley and Houston, Texas areas, where they worked to gut (remove trim, molding, sheetrock, insulation, nails, carpet and electrical fixtures) eight separate houses that were severely damaged by the flood. Two of the three houses were gutted from top to bottom. In Wimberley, the team learned the importance of getting the mold out of homes early. However, when they arrived in Houston, the team served homeowners who had not yet started gutting their homes, where they were shocked to see moldy homes still untouched. AmeriCorps NCCC had the honor of serving elderly, disabled, or economically challenged individuals who had nowhere else to turn for assistance in recovering.

## Senior Corps Foster Grandparent Program

To celebrate the Foster Grandparent Program's 50th anniversary, staff from the Texas Department of Aging and Disability Services (DADS), a sponsor of eight FGP component sites in Texas, donated more than 1,400 children's books to the Foster Grandparents serving in their program. Some of the books will be given as gifts to the students being served and others will be used by the Foster Grandparents in the classroom. In the past year, the DADS FGP program has provided nearly 500,000 hours of service to 1,778 children with special needs in Austin, Abilene, Corpus Christi, Denton, Mexia, Lubbock, Richmond, Lufkin and their immediate surrounding areas.

## Senior Corps RSVP

Velma and Frank Smith are a dynamic duo of RSVP volunteers sponsored by the Evelyn Rubenstein Jewish Community Center serving at Grimes Health Resource Center in Navasota. Grimes Health Resource Center provides transportation for homebound seniors and disabled persons. Clients are eligible for transportation to doctor appointments, pharmacies, or grocery stores in Navasota and the Bryan/College Station area. In the past year, Frank and Velma have served more than 400 hours providing transportation for their clients, often covering as many as 300 miles during the course of a day. Frank and Velma also provide much-needed human interaction for their clients, who would otherwise be socially isolated. Frank and Velma not only volunteer with Grimes Health Resource Center but also at Community Computer Ministry (CCM), another RSVP Volunteer Station in Grimes County. They became involved with CCM after their beloved son passed away in 2007. They donated their son's office equipment to CCM to help the agency achieve its mission of teaching older citizens computer literacy. CCM Director Emily Thomas estimates that more than 200 seniors have benefitted from the Smiths' generous donation. Velma and Frank are very involved in the Navasota community where Frank has served as president of the local AARP Chapter. The Smiths also volunteer periodically at the Sunshine Senior Center in Anderson, Texas. They will be eligible for RSVP ten-year service awards in 2017; but, according to Velma, the greatest reward for volunteering comes in the form of hugs from grateful clients.

## Senior Corps Senior Companion Program

In Dallas, ten Senior Companions from The Senior Source have provided more than 4,000 hours of in-home care to 15 veterans and their families this year. One of these veterans is 88-year-old Tuskegee Airman Homer Hogues. Mr. Hogues' wife of 65 years needed help caring for him and reached out to their church which, in turn, referred them to The Senior Source. Louise Scott, a Senior Companion for more than 20 years, started working with Mr. Hogues in 2014. They often look through albums and discuss his service as a Tuskegee Airman. The Hogues' daughter, Barbara, credits the Senior Companion Program for giving her peace of mind to ensure her father exercises, eats well, and has companionship. Mr. Hogues started working as an airplane mechanic in Tuskegee, Ala., and transferred to Lockland Air Force Base before moving to Dallas. Originally he was drafted to Korea to help clean up after the war. As Barbara states, "He felt like as a black man he could stay here and clean up. He wanted to do more." It's a message he shares with children: "You are responsible for your own future. You have to say, 'I want to do more.'"

## Social Innovation Fund

The Social Innovation Fund (SIF) transforms lives by using evidence to find what works and make it work for more people. The SIF Classic and SIF Pay for Success programs harness the expertise of grant-making intermediaries to identify, evaluate, and expand effective nonprofits serving low-income communities across America. The SIF programs throughout the state focus on areas such as the improvement of health outcomes and workforce development. In the past year, San Antonio Housing Authority's Jobs Plus program placed 169 public housing residents in jobs. United Way of San Antonio and Bexar County's SaveUSA program enrolled 899 participants, the most ever, who deposited more than a half million dollars in savings accounts. The Social Innovation Fund is investing \$398,924 and is expanding the impact of 21 nonprofits in Texas.

## Nonprofit Subgrantees in Texas

Program HQ Location	Nonprofit Subgrantee Name <i>Intermediary</i>	Description
Austin, TX	<p>Austin Community College AARP Foundation (2014)</p>	<p>Over the course of three years, Austin Community College plans on providing core services to 280 people with the goal of obtaining work for 180 people, which is the ultimate outcome to be achieved. Austin Community College serves the Austin-Round Rock metropolitan service area.</p>
Austin, TX	<p>ECHO Corporation for Supportive Housing (2014)</p>	<p>CSH and its partners, the Center for Health Care Strategies and Third Sector Capital Partners, are working with ECHO to assess the feasibility of a PFS initiative focused on creating supportive housing for vulnerable populations. Specifically, this project will target super utilizers of health care (including emergency department, outpatient, inpatient, and EMS), criminal justice and shelter services. Among other technical assistance, CSH is working with ECHO to develop methods that a) determine eligibility for the initiative across the three systems, and b) identify payment structures that reflect the distribution of cost benefits among jurisdictional units. This project will target the city of Austin and Travis County. This project builds on innovative community efforts to scale supportive housing and complements the statewide transition to integrated behavioral and primary healthcare via managed care organizations, and it is consistent with the Community Care Collaboration's plans to implement a patient-centered medical home model for low-income individuals with complex chronic health conditions.</p>
Houston, TX	<p>City of Houston, TX Harvard Kennedy School Government Performance Lab</p>	<p>GPL TA will focus primarily on determining feasibility of a City-wide expansion of Care Houston Links. Care Houston Links is a collaborative effort developed by the Houston Department of Health and Human Services and the Houston Fire Department to address the use of the 9-1-1 by uninsured individuals seeking non-emergency services. Care Houston Links connects individuals with a triage and referral service and builds on the award-winning Care Houston telemedicine project run by Houston's Emergency Medical Services. Individuals may receive telemedicine services and may also receive a visit by a Public Health Counselor and links to other social services as a part of Care Houston.</p>

## Nonprofit Subgrantees in Texas

Program HQ Location	Nonprofit Subgrantee Name <i>Intermediary</i>	Description
Houston, TX	Alliance for Multicultural Services Local Initiatives Support Corporation (2015)	AMCS serves primarily refugees, immigrants and low income community residents and has selected the healthcare and childcare industries due to the availability and accessibility of these jobs for their target population. AMCS will be striving to place participants who have largely no work experience in the United States. AMCS will pair the supported bridge program with targeted financial products such as Individual Development Accounts and Small Business Administration loans which are provided in-house.
Houston, TX	Chinese Community Center Local Initiatives Support Corporation (2015)	CCC's expansion plan involves (1) adding a new bridge program to facilitate entry to the general office support specialist career pathway (business sector); (2) expanding its employer network and developing an industry advisory board; (3) increasing employer engagement opportunities, such as inviting employers to serve as guest speakers and facilitating conversations around employers' workforce needs; (4) developing robust on-the-job training/internship opportunities in each sector for which CCC provides training (healthcare, business, and technology); and (5) adding a mentorship program to pair clients with professional mentors who will help them develop and advance their careers through ongoing consultation.
Houston, TX	SER Houston Local Initiatives Support Corporation (2015)	SER's bridge programming will annually offer three cohorts of training engaging clients interested in seeking occupational training in welding and office administration. The program will increase access for low to moderate income individuals residing in the Greater Houston area with tangible resources that will prepare them for a high growth career leading to the potential of advancement, earning a living wage, and skills upgrade coupled with integrated services. These services holistically address clients' needs and goals through strength-based coaching, employment matching/placement, and financial stability activities. In addition, clients will benefit from SER's network of social service agency, employer, and other partners that provide essential services to ensure bridge program clients are successful and gain tools needed to sustain themselves in an occupational training and workforce settings.
Houston, TX	Wesley Community Center Local Initiatives Support Corporation (2015)	Wesley Community Center has been running an Integrated Service Delivery Model in the form of a Financial Opportunity Center since 2010 and a bridge program in healthcare since 2014. Clients participating in Wesley's bridge program are fully integrated into the Integrated Services Delivery model. Wesley will enhance its current healthcare bridge programming by providing supportive services for clients around academic tutoring and English communications skills as well as increasing emphasis on moving clients into higher level vocational trainings. Wesley will also broaden the scope of their bridge programming through the addition of a new industry focus, child development. Clients will receive contextualized adult education and soft skills training in the child development field and occupational skills to obtain their certification as a Child Development Associate preparing them for careers in early childhood instruction.
Alice, TX	REAL Inc. Methodist Healthcare Ministries of South Texas	The Rural Economic Assistance League (REAL Inc.) has more than 42 years of experience in the Coastal Bend providing housing, adult day care centers, home health care, and public transportation, including rural demand response services in Aransas, Bee, Brooks, Duval, Jim Hogg, Jim Wells, Live Oak, Refugio, and San Patricio counties. Funds received from the Sí Texas Project will help increase the effectiveness of existing integrated behavioral health services through transportation assistance and enhanced programming at four existing sites.

## Nonprofit Subgrantees in Texas

Program HQ Location	Nonprofit Subgrantee Name <i>Intermediary</i>	Description
Edinburg, TX	Tropical Texas Behavioral Health Methodist Healthcare Ministries of South Texas	Tropical Texas Behavioral Health (TTBH), one of the first Local Mental Health Authorities in Texas, makes an extensive array of behavioral health services accessible to low-income and uninsured residents of the lower Rio Grande Valley diagnosed with severe and persistent mental illness, co-occurring psychiatric and substance use disorders and/or intellectual, and developmental disabilities. The Sí Texas project will support reverse co-location of integrated primary care in community-based outpatient behavioral health settings.
Edinburg, TX	University of Texas Rio Grande Valley Methodist Healthcare Ministries of South Texas	The University of Texas Rio Grande Valley (UTRGV) was created by the Texas Legislature in 2013 in a historic move that combines the resources and assets of UT Brownsville, UT Pan American, and the Regional Academic Health Center. The associated Family Medicine Residencies prepare physicians to serve underserved communities with team-based interprofessional and integrated care. Funds received from the Sí Texas Project will help implement the nationally recognized Primary Care Behavioral Health model in two of the residencies' primary care locations in Hidalgo County.
Houston, TX	University of Texas Health Science Center at Houston Methodist Healthcare Ministries of South Texas	The University of Texas Health Science Center at Houston (UTHealth) School of Public Health and its 10 partner organizations will enhance a chronic care management program called Salud y Vida. Salud y Vida serves uninsured and low-income Rio Grande Valley residents who have uncontrolled type 2 diabetes. Funds received from the Sí Texas Project will enhance primary and behavioral health services and extend community-based lifestyle programs through an integrated care model.
Laredo, TX	Mercy Ministries of Laredo Methodist Healthcare Ministries of South Texas	Mercy Ministries of Laredo, or Mercy Clinic, is a primary health care clinic located in Webb County. Mercy Clinic provides health care and health education to some of the poorest neighborhoods and colonias in the U.S.; nearly all clinic patients are uninsured and fall below the 200 percent federal poverty guidelines. Funds received from the Sí Texas Project will enhance current integrated services, utilize referral psychiatric services, and incorporate a spiritual wellness component.
Laredo, TX	Texas A&M International University Methodist Healthcare Ministries of South Texas	The mission of Texas A&M International University's (TAMIU) Canseco School of Nursing is to prepare professional nurses to improve the well-being of complex and diverse populations. Funds received from the Sí Texas project will help develop the first fully coordinated continuum of care for obesity, diabetes, and depression in Webb, Zapata, and Jim Hogg counties and increase behavioral health integration in prevention, health care delivery, and treatment compliance.
McAllen, TX	Hope Family Health Center Methodist Healthcare Ministries of South Texas	Hope Family Health Center provides quality integrated medical, counseling and case management services to the poor, indigent and uninsured in Starr, Hidalgo, Willacy, and Cameron counties. All services are provided at no cost by volunteer medical professionals. The Sí Texas project will help to further integrate behavioral health services following the collaborative care model with adaptations for bilingual and Spanish-speaking participants.
Pharr, TX	Nuestra Clinica del Valle Methodist Healthcare Ministries of South Texas	Nuestra Clinica del Valle (NCDV) provides quality health care services to residents of the Rio Grande Valley. NCDV serves Hidalgo and Starr counties with 11 locations, including two school-based clinics to treat and care for children. NCDV offers comprehensive medical services including family medicine, internal medicine, pediatrics, obstetrics and gynecology, laboratory, radiology, nutrition, behavioral health, and dental. Funds received from the Sí Texas Project will expand integrated primary care and support community-based programs designed to treat depression, diabetes, and obesity.

## Nonprofit Subgrantees in Texas

Program HQ Location	Nonprofit Subgrantee Name <i>Intermediary</i>	Description
Austin, TX	Ending Community Homelessness Coalition (ECHO) Nonprofit Finance Fund	Ending Community Homelessness Coalition (ECHO) and its partners, CSH and Social Finance, will pursue a PFS project with the City of Austin and Travis County, Texas designed to provide permanent supportive housing for 250 chronically homeless people who are frequent users of jail, emergency medicine and other public services. This housing initiative establishes a new level of collaboration among the city and county's health, criminal justice and homeless service systems, and in a first for the PFS field, includes three back end payors.
Austin, TX	Goodwill Industries of Central Texas REDF (2015)	For Goodwill Central Texas, the extremely high levels of unemployment among segments of their community are unacceptable, specifically for those people who have disabilities, lack education, have criminal backgrounds, or are facing homelessness. Their social enterprise, Goodwill Staffing Group, launched in 1995, offering a full range of staffing services in health/medical, administrative, clerical, light industrial, manufacturing, technical, professional, and other industries. Goodwill Central Texas currently serves individuals facing a variety of barriers to employment, and employees have access to an on-site charter school where they can earn a diploma and also work via the organization to earn wages while they earn a diploma.
Waco, TX	Texas Hunger Initiative Share Our Strength	Texas Hunger Initiative (THI) is a capacity- building and collaborative project within Baylor University. Since 2009, THI has greatly increased its capacity and reach to ensure every individual has access to three meals a day, seven days a week, and continues to gain momentum. • Founded the Texas Food Policy Roundtable (TFPR) • Received national notoriety for its innovative organizational model • Added 27 new summer and afterschool sponsors and sites in rural counties last year • Lead partner for the USDA's Summer Meals Expansion Project • Facilitated more than 100 summer meals kickoff events in Summer 2014 Under their NKH SIF grant award, THI will focus on four school districts in each of the three regions: Metroplex   Dallas ISD (and the city of Dallas)   Garland ISD (and the city of Garland)   Irving ISD (and the city of Irving)   Mesquite ISD (and the city of Mesquite)   Southeast Texas   Beaumont ISD (and the city of Beaumont)   Pasadena ISD (and the city of Pasadena)   Port Arthur ISD (and the city of Port Arthur)   Spring ISD (and the city of Spring) Heart of Texas   La Vega ISD (and the city of Waco)   Marlin ISD (and the city of Marlin)   Temple ISD (and the city of Temple)   Waco ISD (and the city of Waco)
Austin, TX	Austin/Travis County, Texas Health and Human Services Commission Third Sector Capital Partners	Third Sector will work with Austin/Travis County to determine the feasibility of PFS for reducing teen pregnancies among Hispanic youth and improving birth outcomes among African Americans.
Austin, TX	Workforce Solutions Capital Area Third Sector Capital Partners	Workforce Solutions Capital Area will explore how P4P can improve education and employment outcomes for Opportunity Youth through the Back on Track Through College model.
Houston, TX	Houston Parks and Recreation US Soccer Foundation	Through this Soccer for Success program, over 900 youth are provided with physical activity, nutrition education, mentorship, and family engagement opportunities that combat childhood obesity and promote healthy lifestyles.
